

MULTIS COMPLEX HV MOLY

GREASE

TOTAL

Multi-purpose, heavy-duty lithium complex grease with 3% moly

APPLICATIONS

Multi-purpose,
heavy duty,
extreme pressure grease
for very high loads and
shock loading

- **MULTIS COMPLEX HV MOLY GREASES** are lithium complex thickened oil designed for the lubrication of all applications operating under severe conditions, particularly under high load and high temperature conditions when conventional lithium soap grease is no longer sufficient.
- **MULTIS COMPLEX HV MOLY GREASES** are multi-purpose greases, specially formulated for the lubrication of ball bearings, plain bearings, and roller bearings subjected to impacts and vibrations in transportation, agriculture, and off-road vehicles. These moly-enhanced greases are also suitable for general purpose industrial applications requiring a NLGI 2 grade, high temperature, extreme pressure grease. Always avoid contamination of the grease by dust and/or dirt when applying. Preferably use a pneumatic pump system or cartridges.

SPECIFICATIONS

- ISO 6743-9: L-XCEHB 2
- DIN 51502: KP2P-30

ADVANTAGES

Durable lubricant film

- Meets a wide variety of requirements and applications.
- Miscible with the majority of other conventional soap greases.
- Durable and resistant to water, pollution, and temperature variations.
- Very good adhesion to metals.
- Excellent mechanical and thermal stability.
- Excellent anti-rust and anti-corrosion properties.
- Contains molybdenum disulfide.
